High School Rules Clarifications

## Chop Block

Chop block involves two offensive players engaging one defensive player. This is not allowed at any level of football (youth through pro). It requires two blockers with a delay action between the two blocking actions in which the second block is low (below the waist). Here's a chart to help explain (NFHS rule 9-3-6):

### BOTH BLOCKERS CONTACTING OPPONENT SIMULTANEOUSLY

Blocker 1 Blocker 2 Ruling

High Low Legal

Low High Legal

High High Legal

### BLOCKS DELAYED BETWEEN CONTACT OF OPPONENT

Blocker 1 Blocker 2 (Delayed) RULING

Low High Legal

High High Legal

Low Low Chop Block

## Cut Block

Cut block (blocking below waist) is one offensive lineman (player) blocking low on one defensive lineman. Blocking below the waist is not allowed in high school except in the free-blocking zone. Double teaming to stop an opponent is OK as long as the second block is not delayed and low.

## Free Blocking Zone

The free blocking zone is a rectangular area extending laterally 4 yards either side of the spot of the snap and 3 yards behind each line of scrimmage (i.e. 6 X 8 yards rectangle). The free blocking zone disintegrates after the ball has left the zone. Therefore, any exception to blocking (clipping, blocking below the waist and blocking in the back) is discontinued when the ball leaves the zone. The exception is ONLY given to the contact in the zone by players in the zone as described in rule 2-17-1, 2, 3, 4 & 5.
